

PREVENTIVE MAINTENANCE That Pays

Quick Clean Kit for Point-of-Sale Systems

Clean POS touch points increase volume and retain customers.

- 1** **Cleaning Card for Card Reader, Magnetic Head, and Card Pathway**
 - Reduce fallback fees and service calls
 - Reduce downtime and hardware replacements
 - Cleaning waffles have 4x the contact area to clean the chip reading pins inside any card reader
- 2** **Equipment Fascia Cleaning Wipe**
 - Removes stubborn buildup of fingerprints, grease, or spills
 - Use on all hardware surfaces including keypads and touchscreens
 - Non-flammable, nonhazardous, gentle on the skin and doesn't require PPE for use
- 3** **Screen Cleaning Wipe for Small POS Screens**
 - Formulated for touch screens and displays
 - A streak-free shine on customer interactive surfaces
 - Removes dust, dirt, germs, and viruses prior to disinfecting
- 4** **Thermal Printer Cleaning Card**

Dirt and paper fibers can accumulate inside printers, causing:

 - Illegible prints and barcodes
 - Downtime and service costs
 - Premature printhead replacement

Single-use pouches have everything you need to clean your POS System. Clean weekly to protect your investment.

Kit Contents:
